

Dear Sophomores and Parents,

As the Advisors of the Class of 2027, we would like to explain what this year will look like and share how excited we are to be on this journey with all of you! As you continue your High School career, it will be filled with great experiences, lessons, challenges, memories, and friends. We are honored to serve as your advisors.

If you are the type of student who really wants to make a difference in your class, please **help** in the decision-making process for all activities, **participate** in school activities, and **show** your class spirit during Spirit Week, at pep assemblies, and sporting events. All of these events bring our class together.

Class Dues - The purpose of dues is to help with the cost of class activities such as float building or banner making, Prom and Homecoming (does not cover the cost of your ticket), some graduation expenses, and other related costs associated with class-sponsored events. **These dues also make it so that we will not have to sell items in order to raise money!**

Your total class dues will be: **\$20**

Dues can be given to either Mrs. Brown or Mr. Garzella in the form of cash or check.

Let's have an amazing year and show our Ironmen Pride!
